

WEBSITE PACK · FIXED-PRICE

# A real online store you own and can leave.

A custom online store on a platform you own — not a locked template you rent forever. Checkout runs on your own Stripe and merchant account, and the store is handed over as yours, source and data included.

## WHO IT'S FOR

Product businesses ready to sell online whose needs go past what an off-the-shelf store covers — where the template can't quite do the thing your business actually needs.

## WHAT YOU GET

- **Store with up to 50 products**  
Mobile-first, with variants and basic inventory.
- **SEO + structured data baseline**  
Findable in Google and readable by AI answer engines.
- **Handed over as yours**  
Source and data transfer at handover, no vendor lock-in.
- **Payment + shipping set up**  
Configured against your own accounts, in your name.
- **Full Brand Pack included**  
The complete \$1,500 identity kit, at no extra cost.
- **Your credentials stay yours**  
We configure; we never handle your financial credentials.

**Honest note:** if an off-the-shelf Shopify or Squarespace store genuinely covers what you need, we'll tell you at the free call and point you there rather than sell a build you don't need.

**Book a free 30-minute call.**

We'll tell you honestly whether a custom store earns its cost.
